

Undersea Defence Technology Europe
7 - 9 June 2011
ExCeL London udt-europe.com

UDT Europe is the leading global exhibition and conference for undersea security, underwater warfare and sub-surface platforms.

Held 7-9 June 2011, ExCeL London, UDT brings together representatives from the industry, armed forces and government sectors in one location.

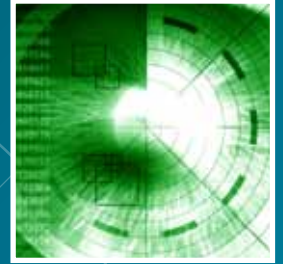

A visit to UDT 2011 gives you the opportunity to:

- Understand the latest, most cost effective technology on offer from SMEs through to prime contractors
- Network with decision makers and experts in a relaxed environment at the UDT dinner and drinks reception
- See the latest technology in action in the Waterborne Demonstration Programme

By registering as a conference delegate you will gain additional access to:

- The UDT conference – understand what the underwater landscape will look in 2020
- Q&A sessions to help establish how the latest innovations can help improve efficiency and optimise existing assets
- Unique scenario based agendas, helping you prepare future strategic procurement and technology programmes
- Food and refreshments during the conference sessions

Maximise your time spent out of the office by meeting with key suppliers and engage with the whole undersea community in one location.

Reserve your place as a UDT delegate or visitor now to benefit from Early Bird rates. Visit www.udt-europe.com/register.
